# **2022 INFORMATION PACK**

# Queensland Motor Racing Officials Association (INC)

Officiating at Motorsport Events can be a rewarding and exciting experience. There are two main areas of volunteering: **Track and Event**. Track Officials are the most visual as they encompass areas such as tasks as Flags, Track, Communications, Fire and Recovery, and Grid. They also cover Timekeeping, Scrutineering and Administration of a race meet.

**Event Officials** mainly concentrate on the running of the non-sporting side of an event. They are tasked in areas such as Grandstands, Gates, Car Parks, Ticketing, Paddock and Supply. These are all vital areas to ensure events run smoothly, and also get to see action at Events from their positions.

There are many levels of motorsport ranging from Club to International. Some of the meets are held at tracks such as Morgan Park Raceway Warwick, and Queensland Raceway at Willowbank. Many of the national and international levels are held at the Townsville, and Gold Coast. Also, throughout Australia: Bathurst 1000, Darwin, Perth, Albert Park Melbourne (F1), Adelaide and New Zealand and more.

Benefits also include: -

- Free entry for you and a guest into the event which you volunteer
- Help to obtain and upgrade your Motorsport Australia licence which is a requirement as a licenced official
- Team and learning environments with experienced members
